

GROW WITH THE BEST ... GROW WITH GROWTH PRODUCTS

Satisfied clients in over 30 countries world-wide can testify that Growth Products knows the horticultural industry inside-and-out, and that our products are superior and cost-effective. Since our founding 25 years ago, our company has created many break-through products:

ESSENTIAL PLUS 101

- 100% Natural Rooting Substance & Biostimulant w/ 21 L-Amino Acids
- For Planting, Transplanting and Sizing up
- For Greener, Denser and more vigorous plants
- Initiate and Enhances Rooting and Plant Growth at Every Stage of the Growing Cycle
- Overcomes transplant shock, quicker seed germination

TRIPLE TEN 10-10-10

WITH 40% SLOW RELEASE NITROGEN

- 40% Slow Release Nitrogen
- Liquid Fertilizer with Balance N-P-K
- Provides dual efficiency of foliar and root uptake; no surges in growth just steady continuous feeding;
- Perfectly balanced solution with Low Salt Index for No Burn Potential
- Safe and Ideal for annuals and perennials

MICREL 5-0-0

WITH 40% SLOW RELEASE NITROGEN

Contains a horticulturally correct ratio of magnesium, sulfur, boron, iron, manganese, molybdenum & zinc (Mg, S, B, Fe, Mn, Mo, and Zn) that quickly and safely corrects chlorosis and other micronutrient problems. Its eight essential micronutrients can be immediately absorbed and utilized by trees and other plants for preventing and correcting problems, and it can be applied year-round.

pH REDUCER

- Citric Acid Solution for reducing pH in Soil & Water applications
- For use in Greenhouse, Turf and Ornamental applications
- Controls Algae
- Tank Mix Buffer Solutions
- Soil & Water pH Conditioner
